## International Festival-Ball To Be Oct. 17

Committees Active For Annual Event At Shadow Mountain

The annual International-Festival Ball will be held October 17 at the Shadow Mountain Club. Two very active ticket committees are functioning in both the Desert and Los Angeles areas.

Joseph Hughes, Palm Desert, is chairman of the Coachella Valley section, with the following representatives from area cities on the committee: Mr. and Mrs. Arthur E. Bailey, Palm Springs; Mr. and Mrs. O. A. Torgerson, Cathedral City; Mr. and Mrs. Floyd Mitchell and Mr. and Mrs. Alan Worcester, Palm Desert; Mr. and Mrs. Robert Bolin, Indio, and Mr. and Mrs. A. W. Shore, Desert Hot Springs.

IN THE LOS Angeles area, Mrs. Diane Carrere, president, Hollywood International News Correspondents Association, allied her group at its last City Club luncheon with the Festival and Ball which is presented for public attendance on the day before the informal fall opening for members of the Shadow Mountain Club.

Mrs. Richard (Lee) Atkinson, associated with Mrs. Carrere's group, is Los Angeles area ticket chairman, and reports a great demand for tickets for the supper and costume ball.

ALL TICKETS will be sold in advance, as none which include supper will be available after October 15.

The decorations committee is being formed and will have booth-bazaar exhibits of occidental and oriental cultures, including those of the desert rock-hounds and American Indian arts. The theme will be "Peoples of the World and Their Good Will Toward One Another."

Local residents may obtain tickets from Hughes at Box 25, Palm Desert, or at the Shadow Mountain Club, Phone 762911.

## This Side of the Sun

By Phat

TEMPUS FUGIT, Aug. 26, 1952.

I've often heard people sigh and say, "How time flies!" . . . It takes a vacation to get the full impact of that bromide. . . . Seems only yesterday that I forsook the calm and peace (well, almost) of The Sun office for Los Angeles, the coast and Bedlam on Wheels, which is the Del Mar train. . . . And a week from now I'll be back in the calm and peace and quiet (well, almost) of The Sun office.

THE LAST THING I wrote before throwing a farewell kiss at my old Woodstock was:

Gorham's for 'em  
But I ain't  
They still got  
That Truman taint.

As a postscript, I advised R. M. "Pop" Gorham, our leading Democrat, that I would be gone all of August and to hold his fire until September. . . . But he couldn't wait until he saw the white of my eyes. . . . Probably figured that after a month in Los Angeles, there might not be any whites. . . . Smog, of course.

ANYWAY, in the mail last week was this letter from Pop: Dear Phat: I see by the papers that:

You ain't for this  
And you ain't for that  
Won't be for the ponies  
When you get back  
You ain't for Truman  
And the so-called taints.  
For coats of mink  
You also ain't.  
There's another ain't  
You'll soon remember—  
Ain't bound for the White House,  
Come November.

THE ABOVE, I was happy to get. . . . It's mighty clever. . . . Which reminds me that while

**INNOCENT VICTIMS**—Linda, five months old and her older sister, only 19 months, won't see their daddy again. What caused their father, Roy Brown, to shoot to death a fellow worker, Harold Ledford, and then turn the same gun upon himself, will never be known.

(Desert Sun Photo)

**"I DON'T WANT TO LIVE"**—cried Mrs. Roy Brown, whose childish face betrays her age of 19 and who is already the mother of two infant daughters. She is shown above, her eyes filled with grief with her arm around Freddie, her 11-year-old brother-in-law.

## Pilot Uninjured As Plane Crashes Near Airport

Pilot Dallas G. Eaton miraculously escaped injury when his rented plane crashed just north of the Palm Springs Municipal Airport about 9:30 p.m., Monday.

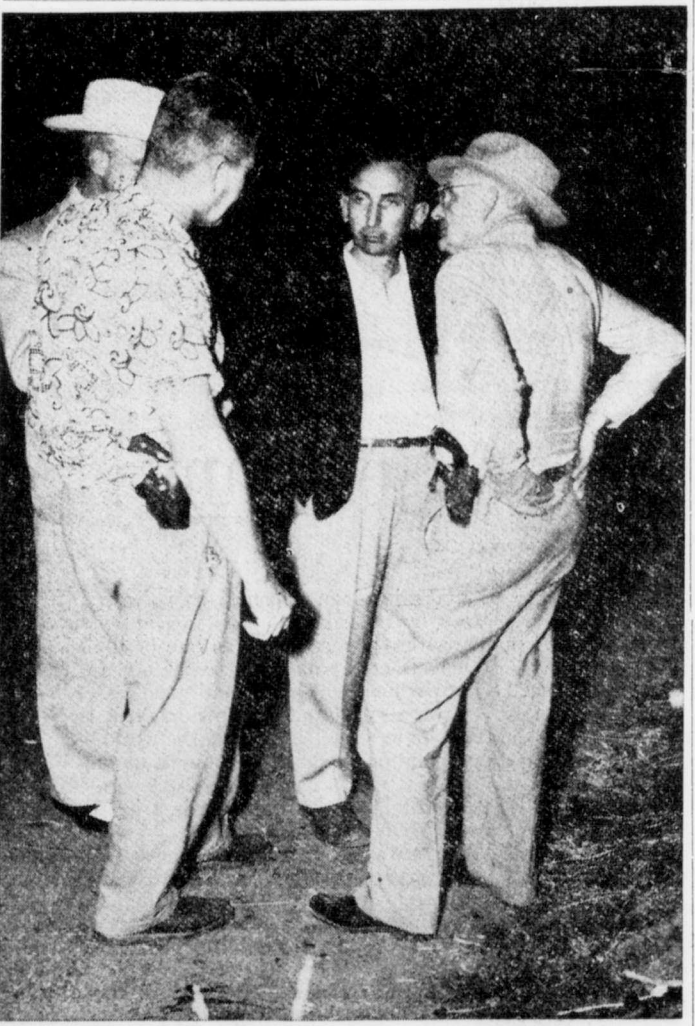

Eaton, Great Falls, Mont., who is serving with the Army Air Force 146 Maintenance Squadron at George Air Force Base at Victorville, rented the plane from Inland Air Service and took off from San Bernardino Airport about 6:50 p.m.

About 9:30 p.m., Frank Prince of 749 Sunrise way, noticed a plane flying low over the desert. He estimated the plane to be about 30 feet off the ground, when it suddenly crashed to the ground and nosed over.

Prince notified police, who upon arrival at the scene, found that Eaton had extricated himself from the wreckage and was starting into town to report the accident himself.

## To Be Closed Monday

Offices of the Palm Springs Publishing Company will not be open next Monday, due to the Labor Day holiday.

**DEATH SCENE**—John Lawrence, facing camera, stands by side of road in Cherry Valley where he says his niece, Kathryn Knodel, 16, was killed accidentally on the night of August 19 when his car slipped off the jack and crushed her head while they were changing a tire. Officers pictured are (l. to r.) Eugene Mueller, sheriff of San Bernardino county; Redlands Police Chief W. E. Slaughter, and Carl Rayburn, sheriff of Riverside county.

## UNCLE FACES CHARGES OF MURDER, KIDNAPPING

Formal charges of murder and kidnapping were filed late Wednesday afternoon on this morning against John Chauncey Lawrence, 37, before Judge Francis N. Estudillo in Riverside Municipal Court.

Lawrence is accused of the kidnapping and subsequent sex murder of his 16-year-old niece, Kathryn Knodel of Redlands, whose body was found last Wednesday morning on Ramon road, about four miles from Palm Springs.

A preliminary hearing is expected to be held sometime within the next two weeks. The case will not be presented before the County Grand Jury, it was stated Wednesday. It had been proposed that this be done to speed up proceedings.

LAWRENCE surrendered to police in San Francisco last Friday, after he had learned that he was the object of a nationwide search. He was returned to Redlands Sunday, and then led Riverside and San Bernardino county authorities to the scene in Cherry Valley where Kathryn died.

He insisted, though, that he did not kill her, but that she was fatally injured when a jack slipped from beneath the car

while he was changing a flat tire. He said that she was struck by a spinning jack handle or the falling vehicle.

When he was unable to stop the flow of blood, Lawrence maintained, he struck her with a rock repeatedly hoping to make her death appear as a hit-run victim.

**FUNERAL SERVICES** for Kathryn Knodel were conducted Tuesday in Redlands, but interment was delayed to permit a second autopsy to be performed. Deputy District Attorney Elwood Rich of Riverside said investigators were not seeking any new pathological evidence, but wanted to be sure all evidence was at hand before the burial, to prevent an exhumation.

An investigation was started Tuesday to determine whether Lawrence had any connection with the famed, unsolved "black dahlia" case in Los Angeles.

## Kindness

Leads To Near Drowning of Baby

Ten-months-old Bobby Hathaway almost drowned Saturday because his brother, Jimmy, 3½, tried to be kind to him by giving him a drink from a hose.

Parents of the two boys are Mr. and Mrs. Fred Hathaway, 1424 Via Salada.

A great deal of water, most of which was swallowed by the child, flooded into the lungs, when Jimmy tried to give his brother a drink while the two boys were playing at their home.

Dr. William Alkin was summoned immediately, and he found the child recovering from the near drowning. He later announced that the child is in good condition.

The father is owner of the Fred Hathaway Metal Company.

## Traffic Light

Installed By Fire Station

City electricians and engineers have completed the installation of a traffic light at the intersection of Ramon and Sunrise.

The single light, which will hang over the center of the intersection, is controlled by the siren at the fire station. It will stop traffic in all four directions simultaneously, allowing a right-of-way for the fire trucks.

A single light was also installed about fifty feet east on Ramon, to stop traffic going west. This will prevent a traffic tie-up at the station driveway. The light will run from one to two minutes.

The installation was necessary to comply with requirements of the fire underwriters, and was brought to the attention of city engineers about a year ago.

## Second Quarter Taxable Sales Total \$3,345,803

Total taxable sales from retail outlets in Palm Springs during the second quarter of 1952, April through June, were \$3,345,803, according to City Treasurer R. W. Peterson.

Eating and drinking establishments led all other retail outlets in taxable sales, with the 70 outlets totaling \$729,439 in sales.

This does not include sale of alcoholic beverages in any form, which amount is estimated at about \$500,000 for the three-month period. A "use tax" which would bring alcoholic beverages under taxation, is now under consideration by Council.

**RANKING SECOND** in taxable sales were department and dry goods stores, four outlets, with \$308,476. Others in the top five were: Lumber and materials, 9 outlets, \$293,314; motor vehicle, plane and trailer dealers, including supplies and parts, 15 outlets, \$270,909; and family apparel stores, \$237,670.

Other classifications, and total sales, follow:

Women's Apparel, 18 outlets, \$177,274; men's apparel, 4, \$70,932; riding apparel, 3, \$10,862; shoe stores, 5, \$67,245; limited price variety stores, 4, \$67,042; jewelry stores, 7, \$28,666; gift, art goods and novelty shops, 32.

See SALES, Page 2

## "No Reason for Murder-Suicide"

### Boundaries Listed For PS Schools

Students Asked To Register Next Week

Classes will begin in all schools in the Palm Springs Unified School District on Wednesday, September 10, with a full day schedule being in effect the first day, Dr. Arthur G. Hoff, superintendent, reported.

Lunch will be served in the cafeterias in all elementary schools and at the high school. A schedule of bus transportation will be published later.

Elementary schools, kindergarten through grade 6, will begin at 9 a.m., while Nellie Coffman Junior High and the Palm Springs high school will start at 8:30 a.m., Dr. Hoff said.

**KINDERGARTEN** pupils should be registered during the week of September 2-5 at the respective schools. Pupils living south of Ramon road should attend the Cahuilla Kindergarten, and those living north of Ramon road should attend the Frances Stevens Kindergarten.

All principals will be in their offices from 9 to 12 and from 1 to 3 o'clock during the week after Labor Day to register new pupils. All new students are urged to register at the respective schools during the week of September 2 to 5, Dr. Hoff said.

Students who will attend the Nellie Coffman Junior High or the Palm Springs high school, whether new to the school or attended before, should see the principal between September 2 and 10 in order to register and check their schedules, the superintendent explained.

All pupils who are returning are requested to check their schedules with either Seamus Nunan, Nellie Coffman school principal, or Henry Greely, high school principal.

**ATTENDANCE ZONES** for the respective schools will remain the same as last year, Dr. Hoff said.

Students through Grade 6 who live south of Ramon road as far east as Outpost Estates and west of Araby Point along Highway 111 will attend the Cahuilla school, 833 Mesquite road; students

## Patricia Stacey Extradited Here On Check Charge

Patricia M. Stacey, 35, actress and television entertainer, this week was extradited from New York City to Palm Springs, to face charges of passing bad checks worth \$1189 to Village merchants during the past season, Police Chief August Kettmann reported.

The checks cashed here were written on the Hollywood-Ivar branch of the Bank of America, and the Security First National Bank of Beverly Hills.

Object of a nation-wide police search for several months, Miss Stacey was arrested in New York as a result of an identification "wanted" bulletin issued by the Palm Springs Police Department. She is also known under the alias of Patricia Allen, and is wanted in Los Angeles on similar charges.

She was returned to Palm Springs by Sgt. Howard Poe, who with Sgt. Durman Ordway has conducted the investigation which led to her arrest.

## The PUBLISHER'S Corner

Ted McKinney, guest columnist for this week, is Palm Springs' newest and most youthful councilman. It should be interesting to read what this native son thinks about city affairs.

By TED MCKINNEY

**BEING A GUEST COLUMNIST** is something new to me as is my place on the City Council. However, in both I'll try to express myself sincerely and to the best of my ability. In the following I'll try to show a few of the problems a councilman faces and a few of the ends I would like to see accomplished.

The council is a representative body and its duty is to represent the people of Palm Springs. This makes it mandatory that the people express themselves so that we of the council know what you wish.

Working on the council is very interesting, but at times it is both trying and discouraging. Often there are those who would try to make a farce out of honest effort, or who through ridicule try to achieve their purpose. I do not mean to infer that the council is an unerring body. We have our own personalities and at times we disagree over true beliefs or because of inability to view a question openly or unbiasedly.

**ONE GOAL** of the greatest interest to me is for the people of Palm Springs and the City Council to work together and to have trust in each other. This is a difficult problem inasmuch as Palm Springs is growing rapidly, both in area and in population. No individual or group can keep Palm Springs from growing. Our problem is to try to help development for the maximum benefit of all. People interested in their city government — of which there should be more — are being kept abreast of the goings-on by the City Manager through a column in the

(Please turn to page 2)

## Varner Moved To CV Hospital

County Supervisor Homer Varner has been transferred from Bellevue Hospital, Gardena, to the Coachella Valley Hospital in Indio for further recuperation from the leg amputation he recently suffered.

He reports that he expects to return to his supervisory duties on September 15, in a wheelchair. "I don't need that leg to do my job on the board," Varner said. "I only need my head."

He was visiting his daughter, Mrs. William Boyd, in Gardena, when he became so ill (due to hardening of the arteries) that he had to be hospitalized immediately. The amputation was termed necessary to save his life.

## PUBLISHER'S CORNER

(Concluded from page 1)

local paper. A bulletin board is proposed for installation at the Council chambers.

There is another public relations method that I believe could be of great value in increasing public trust in the Council. This would be to open the informal meetings and meetings of the Committee of the Whole to representatives of the press and radio. These meetings would still be closed to the public so that a maximum could be accomplished with a minimum of interruptions. However, the presence of the press and radio and their subsequent publishing of business discussed would do away with the belief that most council business is done under cover and without the general knowledge of the people at large.

**BEFORE MY ELECTION** I believed — and still believe — in a more representative way of electing our council members. The proposed redistricting would accomplish this. Failing this, there is another change that could make the elections more representative. That is by having the councilmen elected at large from a panel of candidates nominated two from each district. This method would lead to a more widespread interest in each civic election and it would prevent a person being put into office by a small minority of the voters.

In conclusion I wish to invite suggestions and comments on any phase of councilmanic work. In attaining any city improvement or development there must be much discussion leading to modification and compromise. In order to successfully carry out my job as councilman I must know how you feel and the best way to find that out is for you to tell me.

## County May Buy Cathedral City Fire Station

County Board of Supervisors included \$1,000 in the 1952-53 budget to be used to pay \$100 monthly rent on the Cathedral City Fire station, under an agreement to be worked out with the Cathedral City Chamber of Commerce, present owner of the station.

The station will be rented for \$100 a month, at least until the end of the fiscal year, while supervisors study the possibility of purchasing the station.

The Cathedral City Chamber of Commerce has paid approximately \$5,000 of the original \$11,000 purchase price and proposes that the county pay the balance of \$6,000 through the \$100 monthly rental fees, and then take over the ownership.

At the present time, the county is renting the station for \$100 a year, which is the amount of tax paid.

The station is built to house two pieces of apparatus, and has living quarters for a permanent fireman and his family, and quarters for a relief man.

## Permit Asked For New Radio Station Here

Plans for a new radio station in Palm Springs have been announced by J. L. Hamman of South Gate.

Hamman has applied to the City Planning Commission for a variance in the E2 zoning ordinance, and has requested the necessary specifications which would have to be followed.

The station would be located near the intersection of Vista Chico and North Indian avenue, about one-fourth mile south of the Racquet Club, Hamman said.

The E2 Zone variance would be needed as the area is restricted now to guest ranches. Hamman reported that he has

## It Means So Much - To So Many!

In all the history of the world's commerce, it is doubtful whether another manufactured product has ever had such a hold on the affections of its owners as the Cadillac car.

There is a well-to-do gentleman in a southern state, for instance, who will permit no one to minister to his Cadillac except himself—other than for its mechanical needs. He washes it, polishes it and cleans it... himself.

There is a family in New York which has owned a long series of Cadillacs to which have been given the names of people—because they regard their cars as all but members of the household.

There is a professional man in a mid-western state who insists that his whole life changed for the better when he got his Cadillac.

These are but typical of innumerable instances of the deep regard in which Cadillac owners hold their cars. The loyalty and respect a Cadillac engenders are extraordinary indeed.

You might well ask what there could be about

a motor car to make it mean so much to so many.

The answer is not far to seek. Because of its world-wide standing as one of life's better things, it reflects credit upon its owner and indicates that he is a person of substance and good taste.

Because it performs so well and so dependably, it is conducive to his desire to travel and to see the world—an inspiring companion for his daily movements among his fellows.

Because it is beautiful and luxurious, it is a joy to own and a pleasure to contemplate.

Standing in his driveway, rolling down the streets of his favorite city, or parked at the entrance to a distinguished club or hotel—it is a credit to his judgment and a testimonial to his work.

No wonder he cherishes it, and thinks of it as all but a part of his own personality.

Don't you think that a car which can mean so much to so many could mean a great deal to you?

Better come in today—and talk it over.

## Buttermilk Bakers are Beloved!

You, too, will be a "buttermilk baker" when you discover how Carnation Buttermilk produces cakes that are tender, rich and moist—and extra-light biscuits!

FLAKY-LIGHT BUTTERMILK BISCUITS

GRAB ONE BEFORE THEY FLY AWAY!

(Makes 16-20 two-inch biscuits)

2 cups sifted flour  
1 teaspoon baking powder  
1/2 teaspoon baking soda  
1 teaspoon salt  
1/2 cup shortening  
3/4 cup Carnation Buttermilk

Sift flour, baking powder, soda and salt together. Add shortening, blend with pastry blender or two knives until shortening is in small bits. Add buttermilk; stir lightly. Turn on floured board. Knead about 20 strokes. Roll or pat 1/2 inch thick. Cut with floured biscuit cutter. Place on cookie sheet and bake in hot oven (425°) 12-15 minutes.

"The Grub that makes the Butter Fly!"

... that's what my Dad always said about hot biscuits. For lightest, finest biscuits...

STIR dry ingredients and buttermilk only till quite moist. Too much stirring toughens biscuits.

KNEAD gently with a folding over-and-over motion.

SERVE covered with a napkin—and with lots of golden Carnation Butter to melt into them!

DID YOU KNOW...

baking powder is only 100 years old? Before that, our great-great-great grandmas had to make their own "leaveners" with soda or cream of tartar—and for yeast, they had to save a bit from baking to baking! Life may be more complicated now in some ways, but it is a lot simpler in others!

Repeated by request: TOMATO-BUTTERMILK REFRESHER

Delicious, refreshing, "different"—yet so simple! Just combine 2 cups cold Carnation Buttermilk with 2 cups chilled tomato juice and 1 tablespoon of lemon juice or Worcestershire Sauce. Serve with salted crackers.

FROSTY GLASSES?

Cold drinks have added appeal if the glasses look frosty. Easy to do. Store glasses in freezing compartment for a half-hour or so—take them out the last second before serving.

CLOUDY GLASSES?

Stains or cloudiness in glasses, vases, etc. will yield if you fill them with water containing a few teaspoons of ammonia, let them stand several hours or overnight, then wash and rinse.

CARNATION CWINZ (Check, if statement is true)

- ☐ Carnation Buttermilk is made fresh today and every day.
- ☐ Carnation Buttermilk brings real old-fashioned flavor.
- ☐ Carnation Buttermilk digests easier than regular milk.
- ☐ Carnation Buttermilk is rich in Vitamins, richer in Protein and Minerals than regular milk.

ANSWER: If you checked them all, you're 100% right! Enjoy Carnation Buttermilk often!

# Rev. Jungmeyer Dies Saturday At Age Of 95

The Rev. Adam Jungmeyer, retired Methodist minister, father of the Misses Ede and June Jungmeyer, died at their home at 1652 Tamarisk road, at 10:25 a.m., Saturday, August 23. Mr. Jungmeyer had celebrated his 95th birthday last January.

HE WAS KNOWN in the Village as the "man who walked with two canes."

A native of Nauvoo, Ill., he had been active in the ministry for 32 years. During the six years he was a resident here, he was an active member of the Community Church of Palm Springs.

FUNERAL SERVICES were conducted Tuesday at 12 noon, at the Little Church of the Flowers, Forest Lawn, Glendale, with the Rev. William R. Hassell officiating. Interment was in Forest Lawn. Services were under the direction of Wiefels and Son of Palm Springs.

Survivors are his two daughters, Ede and June Jungmeyer, with whom he resided; six sons, Jack of Los Angeles, Ted of Seattle, Alvan and Milton of Portland, Nebraska; W. C. and O. W. Jungmeyer of Tampa, Florida; eight grandchildren; four great-grandchildren; and one brother, Arthur Jungmeyer, of Carthage, Illinois. Mrs. Jungmeyer died 21 years ago.

## Christ Jesus Light of World, Christian Science Sermon Says

The Bible Lesson on "Christ Jesus," to be read in all Christian Science churches on Sunday, points out the fact that the teachings of Christ Jesus, when accepted and utilized, lighten all dark places of the earth.

Paul's declaration in his second epistle to the Corinthians (4:6) constitutes the Golden Text: "God, who commanded the light to shine out of darkness, hath shined in our hearts, to give the light of the knowledge of the glory of God in the face of Jesus Christ."

Matthew's Gospel (4:12, 24) records that when Jesus "departed into Galilee; . . . his fame went throughout all Syria; and they brought unto him all sick people that were taken with divers diseases and torments, and those

## Jury Trial

Set for Sept. 18 In Assault Case

A jury will hear the case of a 72-year-old Long Beach man, Lawrence Vivirito, accused of slugging a Garnet service station attendant with a tire iron last week.

Trial was set for September 18 by Judge Eugene Theriau, following Vivirito's not guilty plea at his arraignment on the charge of assault and battery. Vivirito was released under \$500 bail.

He was arrested by Sheriff's Deputy Ray Youngberg after the attendant reported that he had been hit on the shoulder once with a tire iron, and then on the head when he turned around to see what was going on. The attendant had been leaning over to check a tire for leaks when he was struck with the heavy tire iron.

Vivirito, it was reported, had left his family and home in Long Beach the previous night, saying he was going for a ride. He appeared at the Garnet station the following morning at 9 a.m.

## Oklahoma Day Picnic Sept. 1

All former residents of Oklahoma are urged to attend the Oklahoma "Labor Day" picnic in Sycamore Grove Park, Los Angeles, on Monday, September 1, according to William G. Condon, president of the group.

Feature of the all-day reunion will be a program at 2 p.m.

which were possessed with devils, and those which were lunatic, and those that had the palsy; and he healed them."

Mary Baker Eddy says in "Science and Health with Key to the Scriptures": "The humble Nazarene overthrew the supposition that sin, sickness, and death have power. He proved them powerless." "Truth destroys falsity and error, for light and darkness cannot dwell together." (pp. 228, 474).

## DHS To Meet Mhoon-Mhoon For Title

Desert Hot Springs, league champions during the regular season, and Mhoon and Mhoon, second place team, will meet in a three-game play-off series for the championship of the Desert Softball League.

The first game will be played tonight, Thursday, with the second scheduled for next Tuesday. If a third game is necessary, it will be played next Thursday night.

Trophies for the championship team, and individual awards will be given at the second game Tuesday night, Howard Haddock, recreation director, announced. This was originally scheduled for the third game, but was changed as it is possible that the series might be decided in two games.

Both teams emerged winners in their preliminary play-off series, taking the third and deciding games.

Desert Hot Springs was an easy winner of the league title, but may have trouble with Mhoon and Mhoon as the second place team defeated the league champions five times in regular season play.

### Jaycees Lose In 7th Again

Desert Hot Springs did it again Monday night, coming through with three runs in the seventh inning to break a 4-4 tie, and eliminate Junior Chamber of Commerce from further play-off competition.

This is the ninth game this year the Springs team has won in the final inning of play, and the fifth time they have defeated the Jaycees this way.

The Jaycees tied the score in the sixth when Bill Tchenor singled to drive in two runs. Desert Hot Springs players connected for four consecutive hits in the seventh to score three runs, for their winning margin.

Jack Morey with three for four, and Johnny Olivera with three for three paced the 11-hit attack of the winners.

In contrast to the previous game which saw 20 errors by both teams, only one miscue was committed in this contest.

The line score:  
Desert Hot Springs ..... 7 11 1  
Junior Chamber ..... 4 7 0  
Joe Poist and Don Allen; Les Shaw and Ted McKinney.

### Mhoon and Mhoon Routs Jaycees 14-5

Mhoon and Mhoon eliminated Youth Center from the play-offs with a 14 to 5 rout Tuesday night. The game wasn't in doubt after the fifth inning when the winners took a 10 to 3 lead.

Frank Grande's homer in the fifth and Keith Smith with three for five paced the Mhoon and Mhoon attack.

Jim Bigley held Youth Center to six hits while taking credit for the win.

The line score:  
Mhoon-Mhoon ..... 14 11 2  
Youth Center ..... 5 6 11

## Carnera, Lord Carlton Meet In Return Match At Indio

At the insistence of Indio wrestling fans, the management is returning this Friday night the much-talked about main event between Primo Carnera and Lord Leslie Carlton which took place at the Indio Fairgrounds a week ago.

So intense was the excitement throughout the match, and so incensed were the people at the verdict in favor of Carlton, that they lost no time in asking Promoter Leo Ellis, for another take on this brawl. Without a question, the titled Englishman was lucky, they claim, and they are joined in the same opinion by Primo, who promised that he will annihilate the English upstart in this main go.

The huge Italian has promised that Carlton will really feel his fists in this one, fists that carried him to the heavyweight boxing championship of the world a few years ago.

**THOUGH CARNERA** defeated Jack Sharkey for the heavyweight title, still his heart was and always has been with wrestling, which the big fellow calls his first love. To this he has returned, and it irks him a lot more to lose a wrestling match than it did to lose a boxing

match. Incidentally, his loss to Carlton is the only loss attributed to Carnera, or so he claims.

Jess Ortega, the gigantic Mexican who wrestlers claim is the strongest matman in the world today, returns to engage Gene Bowman of Tennessee, who will probably meet the fate of other wrestlers who have faced the 300 pound Mexican.

Woody Strode, great colored athlete, meets Ray Piret in the opening match.

**CARNERA AND Carlton** had each taken a fall when, as Carnera had Carlton against the ropes with a head lock, the Swami came over and jerked the feet out from under Carnera. Carlton jumped on him and pinned his shoulders to the count of three.

Referee Mike Ruby awarded the match to Carlton, unaware that any foul had been committed.

In the semi-final, Hard Boiled Hardy, who substituted for Gene Bowman, was no match for Jesus Ortega as the big Mexican took two straight falls. The first was by a bear hug and the second on a sleeper.

Ray Piret was an easy victor over Hans Slutz in the opener.

various studies made of the financial and service operations of the telephone company. Commissioner Justus Craemer and Examiner Manley W. Edwards will preside at the sessions which will be held at 145 South Spring street, beginning at 10 a.m.

The company proposes an "across-the-board" boost in monthly phone bills ranging from 35 cents to \$1.50, and also seeks to increase the coin box rate from five to 10 cents.

The company also serves the cities of San Fernando, Sierra Madre, and Monrovia in Los Angeles county, and Redlands, Banning, Beaumont, Elsinore, Hemet, Murietta, Perris, San Jacinto, Temecula, Loma Linda, Moreno and Yucaipa in San Bernardino and Riverside counties.

## Telephone Rate Hearing Sept. 4

Public hearings on the request of the California Water & Telephone Co. for a \$244,000 annual telephone rate increase in Riverside and San Bernardino counties, as well as parts of Los Angeles county, will resume in Los Angeles September 3, the California Public Utilities Commission announced today.

Palm Springs would be affected by the increase.

Testifying at the hearings will be telephone experts of the P.U.C. who'll present the results of

## San Jac Drops Merchants From Play-Offs 10-4

The Palm Springs Merchants were eliminated from the Riverside County League play-offs Saturday night, by dropping the third and deciding game to San Jacinto, 10 to 4.

The Merchants had won the first game, 4 to 2, and then lost 6 to 5.

Arguments again were a feature of the game, making it similar to the second contest when the Merchants even walked off the field once in protest of an umpire's decision.

Howard Haddock, recreation director, expressed his appreciation to the Merchants for providing excellent entertainment for the Villagers during the season, and said that he hoped that they would enter a team in the Riverside County League again next year.

The line score:  
Palm Springs ..... 4 6 6  
San Jacinto ..... 10 11 2  
Frank Devers and Bill Tichenor; and Leon Heisser, Priest and Bottom.

## Melodrama, Stunt Show To End Season

A melodrama and stunt show will conclude the summer recreation activities at the Cahuilla school Friday, according to Mrs. Jeanette O'Day and Mrs. Helen Mechem, in charge.

All children attending the playground session will take part in the play, "And the Lamp Went Out," which will be presented from 9 to 12.

The cast will literally act out the script. As an example, when the heroine turns pale, she actually will overturn a pail.

A program of acrobatic stunts will also be presented.

Among the children who will take part in the play are Sandy, Tony and Wanda Watson, Duane Eskew, Joe and Nancy Leonard, Marian Weeks, Bob and James Lubach, Judy Casey, Allan O'Day, Paula Traver, Dee Backstrom, Milly Lish, Warren Bedwell and Lawrence Cravey.

## From Page One—MORE ABOUT Boundaries

dents living east of Araby Point along Highway 111 are to attend the Cathedral City school; all kindergarten through Grade 3 students who live north of Ramon road should attend Frances Stevens school, 538 North Palm Canyon drive, while Grades 4-6 should attend the Frances Finch school, 777 Tachevah drive.

Dr. Hoff said that because of overcrowded conditions at the Cahuilla school, the Board of Trustees has decided that pupils

## Devers Named To All-Stars

Frank Devers of the Palm Springs Merchants has been named to the Riverside County League All-Star team as an outfielder.

In Grades 4-6 who live in the area east of Sunrise way bounded by Ramon road on the north and the Tahquitz river on the south shall attend the Katherine Finch school where extra classrooms are available.

## Players Enjoy Party Sunday

All players of the Desert Softball League and the Palm Springs Merchants enjoyed a party at the Polo Grounds Sunday night.

Seventy-five players and their wives attended. Games were played, and "there was plenty to eat," Howard Haddock, recreation director, reported.

The party was paid for by collections taken at games.

## 10-YEAR WARRANTY PLAN

### Remember this important difference:

All automatic gas water heaters look more or less alike. But don't take it for granted that each will serve equally long and well. There's one important difference... the 10-year warranty plan. And the way to be sure of getting an automatic gas water heater that will serve you for years and years is to buy a make and model that carries this plan. A 10-year warranty plan is your assurance of a top-quality appliance that will give you long and carefree service.

It all boils down to this: In automatic gas water heaters—as in anything else—you get what you pay for. A lower-priced model naturally has thinner metal, less resistance to the corrosive action of water and a shorter life.

So pay a little more now. Buy a make and model of automatic gas water heater backed up with a 10-year warranty plan. Your plumber-dealer has one.

2 other good rules to follow: 1) Insist on an automatic GAS water heater because gas heats water three times faster and costs less. 2) Buy a model big enough for both your present and future needs—big enough to keep

ahead of automatic clothes washer and dishwasher when you install them. Your plumber-dealer's approved sizing chart tells the exact size automatic gas water heater you need in your home.

## No Reason

"but we got out," one recalled.

ONE PATRON SAID he was too shocked to move when the first shots exploded, but when Brown began to reload his weapon "I moved too—and fast."

Within the hour after the shooting Hicks and Allred were notified of the tragedy. Allred began to search for the brothers of Ledford, two of whom reside in Indio, one in Redlands and a

fourth in Oregon.

Finally the two employers began to check back seeking a possible cause or causes that may have provoked Brown to a point where he would commit murder and then kill himself.

Both Hick and Allred said they found none.

"I believe now that Brown was a sick man," opined Hicks. His partner agreed.

THEY RECOUNTED an incident of several months ago when Brown walked into their office. "He had a sort of glassy look

in his eyes," Hicks recalled. "I'm going to quit," Hicks quoted Brown as declaring. "And he kept on repeating that same statement for several minutes. We informed him that quitting the job was his right but he never quit."

Hicks then recalled remarking to his partner that "there must be something wrong with Roy Brown."

Both men now believe that Brown was mentally ill at times. "He is to be pitied more than condemned," said Hicks.

"I have talked to the men he

(Brown) worked with that fatal Saturday and even to the man Brown and Ledford were hauling earth for and could find nothing in the events of that day to give Brown any reason for murder."

BOTH MEN ARE now deeply concerned with the two widows and their children whom they believe have been left penniless.

"We started a collection for both Mrs. Brown and Mrs. Ledford among the boys working for us and we invite others to do the same. Contributions may

be sent to Hicks and Allred, Cathedral City."

Meanwhile the funeral of Harold Ledford took place Monday afternoon with services held at Wiefel and Son's chapel with interment at the Palm Springs cemetery. In addition to his wife, Susan, and four brothers, Ledford is survived by his five-week old son, Mark, one-year-old Claudia and three-year-old Haline. His father is James R. Ledford, Modesto.

Last night at 6:30 o'clock funeral services were held at the same mortuary's chapel for Roy

## Registered Voters Listed In Precincts 9 and 10

Voters in Precincts 9, 10 and 11 are asked to check today for their name among the registered voters of those precincts listed below. There is a possibility of error in this list, but if your name isn't there and you believe you are registered, please check with the City Clerk to be sure that you are eligible to vote. Voters who wish to register, but have no means of transportation, may call 2875 and transportation will be furnished.

## Linked to the world With a pair of wires.

There are some 45,000,000 telephones in the United States and several million more in other parts of the world. Over an individual pair of wires running from a subscriber's premises to a central office a subscriber can reach any one of them.

That pair of wires is an important link in this world-wide telephone chain because it connects a subscriber's telephone with the central office switching equipment which routes calls from place to place. Without these wires conventional telephone communication would be impossible.

It sometimes happens in fast-growing areas that residential development occurs in districts far removed from existing outside telephone plant and until the wire and cable necessary to connect a subscriber's telephone with the central office are installed service cannot be provided.

Outside plant is being extended as fast as circumstances allow and in time all applicants for service will have that individual pair of wires which will link them to the world.

## Switches to Dodge... lowers hauling costs

Whatever you haul, there's a Dodge truck—1/2-ton through 4-ton—that's "Job-Rated" to fit your job and save you money.

Full crankcase ventilation saves oil, lengthens engine life, and lowers upkeep costs.

Two fuel filters—instead of only one—keep fuel clean to help prevent carburetor clogging and fouled cylinders.

For smooth power that saves wear and tear, glycol Fluid Drive—a Dodge "exclusive"—is available on 1/2-, 3/4-, 1-ton, and Route-Van models.

Come in today for a demonstration and a real good deal.

Enjoy over-all economy. Dodge "Job-Rated" trucks are easy on gas and oil, thanks to compression ratios as high as 7.0 to 1. Other cost-cutting advantages include lightweight aluminum-alloy pistons and gas-saving carburetor with economizer valve.

Cut down upkeep. With a Dodge "Job-Rated" truck you get such proved money-saving features as 4-ring pistons with chrome-plated top rings, exhaust valve seat inserts, pre-fitted connecting rod bearings, positive-pressure lubrication, and other features.

Get long life. A Dodge "Job-Rated" truck gives you special alloy steel springs and shot-peened axle shafts. Other dependable Dodge long-life advantages include such features as wear- and heat-resistant valves, oil-bath air cleaner, and floating oil intake.

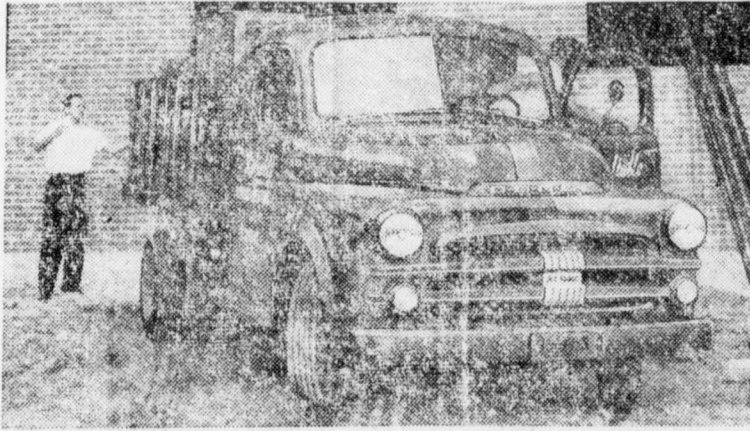

says  
**LEWIS ENGEL**,  
Reliable Supply  
Company,  
Chicago, Ill.

"My Dodge has proved to be a real saver on gas!"

"We are getting several more miles per gallon with our Dodge 'Job-Rated' truck—and in a small business like mine, economy is important."

"My Dodge has not only proved to be a real saver on gas—but we are real pleased with Dodge dependability. Hauling pipes, fixtures, plumbing tools and other light equipment has broken down several trucks for us. But our Dodge has taken heavy-duty use over bumpy roads for a long time now and we haven't had to have a single mechanical repair."

See us today for the best buy  
in low-cost transportation...

## Howards Lease Anderson Home

Bob and Andrea Howard, owners of Howard Manor, have leased the Guy Anderson home at 172 Prescott drive for a period of two years, it was announced by Isabelle Cameron, associated with Don Cameron, realtor.

They plan to make this their permanent year-round home. Their two children, Robert and Leann, will attend St. Theresa Catholic school this year.

## City Asks State Aid For Projects

City Manager Russell Rink announced this week that the City of Palm Springs has filed two applications with State Financial Division of Highways, asking for financial help in the construction of the triangle and bridge on Indian avenue.

State aid in community road construction was authorized some time ago by the State Legislature, allotting a specific amount of money to help on major projects.

About \$30,000 will be available to this community if the State Division of Highways finds that the project is beneficial to state improvement standards, Rink said.

## The Other Side of the City Hall

by CITY MANAGER RUSSELL RINK

Finding a phase of city government every week that is sufficiently interesting to warrant a reader's time is sometimes a problem. This week we'll take the easy way out and talk about someone else's government and how it could be improved.

Did you ever stop to think how foolish it would be to elect the chief of police? Law enforcement has become a highly specialized profession encompassing crime detection, traffic engineering, ballistics, law, and social welfare, to name a few. A man skilled in these requisites may not have the popular appeal to win an election over a more loquacious but less capable opponent.

IN SPITE OF THESE obvious facts, recognized by every text book on political science, every county in California has an elected sheriff. The sheriff is the chief of police of the county. Is there any reason why the chief of police of a county should be less capable than the chief of police of a city? In many localities the responsibilities are just as great.

There are capable sheriffs, to be sure, but the probability of selecting a capable man by election is much less than by appointment when proper techniques of testing a candi-

date's knowledge of law enforcement are used.

ENFORCEMENT of the law does not always make a man popular. Inasmuch as election is dependent to a great degree on being "liked by everybody," the problem always exists that certain persons may not be arrested for violating the law. Especially when those certain persons are influential politically and financially.

The same fallibilities that apply to the election of a sheriff apply also to constables, coroners and assessors. Each of these requires a technical knowledge that can't be measured by the ballot box. And yet in Riverside county and many other counties the attempt is made.

THE ARGUMENT may be posed that the appointment of technicians by an elective legislative board, such as the board of supervisors, is not a true expression of the democratic process. The Jacksonian theory of democracy held that, "Any man is good enough to hold any office."

In keeping with this belief in the early days of our country nearly every office in city and county government was filled by election every year or two. An inexperienced but sincere official who began to learn his duties was soon replaced by another inexperienced person. The expense of this well-intentioned but unrealistic theory actually cut into the taxpayer's pocketbook so deeply that the demand was made for changes. Like so many efforts after the worst pain was relieved, momentum was lost and we find ourselves today stultically suffering with an archaic form of government.

If enough people complain the law can be changed. Democracy is responsive to the will of the people, but if the people lose their will they may some day lose their democracy.

## Honor Glenn Taylor On Seventh Birthday

Glenn Taylor, son of Mr. and Mrs. Al Taylor, was honored on his seventh birthday anniversary at a party at the Calhoun school recreation center Thursday.

Cake and punch were served. A large number of children were in attendance.

## Rise of Salton Sea Featured in Current Post

The story of how the waters of the Salton Sea in the South-eastern California desert have been rising faster since November, 1951, flooding fertile farmland and buildings in the Imperial Valley, is told in the current (August 30th) issue of The Saturday Evening Post.

Author Keith Monroe explains in "California's Weird Overflowing Sea" that this body of water is not in Nature's original blueprints, having been in existence only since 1906. It wasn't in any engineer's blueprints either, but arrived suddenly in the desert through an engineering mistake.

During the past generation it has been called a "controlled" sea, inasmuch as engineers of the surrounding irrigation district were believed to be able to keep its water level where they chose, Monroe writes. Nobody any longer claims to be sure when or how its rise will be "controlled" from this point on. Monroe reports that another ten-foot climb from its present level will find the sea pushing the shore line forward as much as four and a half miles in some places, covering homes and cultivated, fruitful lands.

"Everyone in the Imperial Valley agrees that this must not happen—that something must be done," the article states. "But No one yet knows what to do."

## O. P. Bryant

To Be Arraigned In Superior Court

O. P. Bryant will be arraigned in Superior Court on Friday on a charge of assault with a deadly weapon, it was ruled by Judge Eugene Theriault following preliminary hearing here Thursday.

Bryant previously had pleaded not guilty to the charge when arraigned in Justice Court, and was released under \$500 bail. He is charged with having entered the home of Luciel Alexander Frierson, 26, or 401 El Segundo road, following her refusal to get into his automobile "to talk." The victim charged that he slapped and attempted to choke her, and then, wielding a knife, struck her on the left forearm inflicting a two-inch cut. She also was cut on the chest.
